

EC Declaration of Conformity

The manufacturer, or its legal representative supplier in the European Community, Parweld Ltd, declares that the equipment described here after is in conformity with the provisions of the Low Voltage Directive (LVD) 2014/35/EU, RoHS Directive 2011/65/EU and the Harmonized National Standards listed below.

Part Number	Description
GTK4000	Arc gouging torch
European	The above equipment has been designed manufactured and tested in accordance with the requirements of BS EN 60974-7:2019 and deemed to conform to the standard when used in accordance with the operating instructions.

The entire Parweld product range carries the CE mark and is constructed in accordance with European Directives and product specific standards where they apply. All our systems conform to ISO9001: 2015 and are independently audited by NQA.

The manufacturing and inspection systems are independently audited to BS EN ISO9001.

Rohs Compliance Declaration

Restriction of use of certain hazardous substances in electrical and electronic equipment
Type: as per list on page 1

The above listed products are certified to be compliant with the RoHS directive with all homogeneous component parts being controlled to ensure material contents as per the list below.

Cadmium 0.01% by weight

Lead 0.1% by weight

Mercury 0.1% by weight

Hexavalent chromium 0.1% by weight

Polybrominated biphenyl's (pbbs) 0.1% by weight

Polybrominated diphenyl ethers (pbdes) 0.1% by weight

It should be noted that under specific exempted applications, where lead is used as an alloying element the following limits are applied in accordance with the regulations.

Copper and copper alloy parts use less than 4% by weight of each homogeneous component.

Steel and steel alloy parts use less than 4% by weight of each homogeneous component.

Aluminium and aluminium alloy parts use less than 4% by weight of each homogeneous component.

Only dispose of in authorised sites for electrical and electronic waste do not dispose of with general refuse or landfill waste.
