

PRO-GRIP MAX[®] TIG

The Parweld Pro-Grip Max[®] TIG torch range has been developed using the company's philosophy of putting the user first.

Optimal Handling - the striking handle design with improved profile offers a much more relaxed grip for the welder, reducing the risk of RSI and providing maximum comfort and manoeuvrability.

Integrated Handle Grips - using the latest over moulding techniques, the handle incorporates large soft grips providing maximum security and preventing any torch movement whilst in the welders hand.

Infinite Flexibility - Plug and Play[™] switch technology combined with multiple head options and a wide range of cable plugs and terminations means we can produce a torch to fit virtually any machine and application.

TECHNOLOGICALLY ADVANCED USER FOCUSED DESIGN

KEY FEATURES

Every detail of the Pro-Grip Max[®] TIG torch has been engineered with the user in mind. We work to ensure that every aspect of the design is simple, comfortable and effective. Completely configurable, lightweight and ergonomic, the Pro-Grip Max[®] is leading the way in TIG welding.

TRIGGER SWITCHES

Located in a neutral finger position. Switches can be changed within 5 seconds with Plug and Play™ Technology. Switch options to suit every application.

TORCH HEADS

Lightweight and durable, manufactured with high temperature resistant silicone rubber insulation.

Copper components ensure cooler running and maximum current capacity.

HANDLE SYSTEM

Ergonomically superior with integrated dual soft grips to ensure the handle remains in place with minimal grip pressure.

FRONT END CONSUMABLES

Extensive range available.

Manufactured to the highest specifications.

KNUCKLE JOINT

Positioning of the torch is made easier by the combination of knuckle joints and a flexible leather section that covers the first metre of the torch immediately behind the handle.

CABLE SYSTEMS

Overbraided power cables guarantee performance and flexibility.

Shielded switch leads for minimal interference and maximum machine protection.

COMPOSITE TGC TIG CABLE TERMINATIONS AVAILABLE

Moulded housing ensures tidy cables. Tapered TPE hose supports and cable set strain relief. Multiple configurations to suit most power sources.
